Kirk Trigsted's College Algebra with Integrated Review is a new co-requisite course solution, offering a complete college algebra MyMathLab® course with integrated review of select topics from developmental algebra. This course solution may be used in a co-requisite course model, or simply to help under-prepared students master prerequisite skills and concepts. About College Algebra, Third Edition: Kirk Trigsted revolutionized the way this course is taught when he created College Algebra, a completely clickable eText that was written from the ground up within MyMathLab®. Recognizing that today's students start with the homework instead of reading the text, Trigsted created an online learning environment that is a seamless mix of exposition, videos, interactive animations, tutorials, and assessment. This approach leverages the power of MyMathLab and leads students to interact with course materials in a way that is proving to be more effective. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. 0133795500 / 9780133795509 MyMathLab College Algebra with Integrated Review Worksheets plus NEW MyMathLab with Pearson eText, Access Card Package Package consists of 013386233X / 9780133862331 Worksheets for College Algebra with Integrated Review 032192374X / 9780321923745 MyMathLab for Trigsted College Algebra -- Access Kit NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of the MyLab(tm)and Mastering(tm) platforms exist for each title, and registrations are not transferable. To register for and use MyLab or Mastering, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for the MyLab platform may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. For courses in College Algebra with need for extensive prerequisite support, and institutions that are looking for a corequisite solution. Completely clickable eTexts-with a consistent author voice throughout As a corequisite course teacher, Kirk Trigsted knows that students increasingly are being asked to commit more time and effort to their mathematics coursework. For College Algebra: A Corequisite Solution, 4th Edition , Kirk thoughtfully selected the review topics needed down to the section level, and wrote worksheets and videos that will enable students to review quickly before moving onto more difficult coursework. The result is an online learning environment that is a seamless mix of exposition, videos, interactive animations, tutorials, and assessment-designed for the way students think and behave online. Every title in the Trigsted Precalculus series is created from the ground up within MyLab Math; all multimedia elements, exercises, feedback, and content are written by the author himself, ensuring a consistent, reassuring author presence throughout. Personalize learning with Trigsted's College Algebra: A Corequisite Solution-built in MyLab Math By combining trusted author content with digital tools and a flexible platform, MyLab Math personalizes the learning experience and improves results for each student. 013523624X / 9780135236246 MyLab Math for Trigsted College Algebra: A Corequisite Solution plus Guided Notebook, 4e Package consists of: 0135232406 / 9780135232408 College Algebra: A Corequisite Solution - Access Kit 0135234026 / 9780135234020 Guided Notebook for College Algebra: A Corequisite Solution

Kirk Trigsted revolutionized the way this course is taught when he created College Algebra, a completely clickable eText that was written from the ground up within MyMathLab. Recognizing that today's students start with the homework instead of reading the text, Trigsted created an online learning environment that is a seamless mix of exposition, videos, interactive animations, tutorials, and assessment. This approach leverages the power of MyMathLab and leads students to interact with course materials in a way that is proving to be more effective. With Precalculus: A Right Triangle Approach, Trigsted continues to innovate with a revised design that improves navigation and usability, expanded videos, and increased animation coverage. All multimedia elements, exercises, feedback, and content are written by the author himself so that the students have a consistent voice throughout. NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of the MyLab(tm) and Mastering(tm) platforms exist for each title, and registrations are not transferable. Check with the seller prior to purchase. -- Beginning Algebra by Trigsted, Bodden, and Gallaher is the first online, completely "clickable" Beginning Algebra text to take full advantage of MyMathLab's features and benefits. Kirk Trigsted saw marked improvements in student learning when he started teaching with MyMathLab, but he noticed that most students started their assignments by going directly to the MyMathLab homework exercises without consulting their textbook. This inspired Kirk to write a true eText, built within MyMathLab, to create a dynamic, seamless learning experience that would better meet the needs and expectations of his students. Completely clickable and fully integrated—the Trigsted eText is designed for today's learners. Beginning Algebra is also available with two printed resources to provide additional support for you: The eText Reference is a spiral-bound, printed version of the eText that provides a place for students to do practice work and summarize key concepts from the online videos and animations. In addition to the benefits it provides students, the eText Reference is also a nice resource for those instructors that prefer a printed text for class preparation. The Guided Notebook is an interactive workbook that guides students through the course by asking them to write down key definitions and work through important examples for each section of the eText. This resource is available in a three-hole-punched, unbound format to provide the foundation for a personalized course notebook. Students can integrate their class notes and homework notes within the appropriate section of the Guided Notebook. Instructors can customize the Guided Notebook files found within MyMathLab. This is the MyMathLab Student Access Kit only, and does not include the supplementary materials listed above. Kirk Trigsted revolutionized the way this course is taught when he created College Algebra, a completely clickable eText that was written from the ground up within MyMathLab®.
