Anyone can join the positive revolution. All you need is creativity. Historically, revolutions have been negative – defining, overthrowing or destroying an enemy, fuelled by a sense of mission and direction. After victory, however, this energy often races on, causing factionalism and strife among the victors. The positive revolution also has energy and direction, but its opponents are entrenched patterns in thought. Progress, maintains Edward de Bono – whether on a personal or global scale – depends on thinking and behaviour that are positive and constructive. The world today is undergoing dramatic, often violent changes, and human behaviour is frequently shaped by guilt and negativity. To lift this dark cloud and create positive revolution, we need to rely more on humour, a key element in changing perception. In this inspiring book, Edward de Bono demonstrates clearly and simply how we can learn to think and interact constructively, efficiently and with respect for core human values. America's most celebrated spiritual writers offer inspiring words on the state of the soul today. This collection of more than thirty original essays addresses both the importance of caring for and nourishing the soul and the ways in which these individuals tend to their own souls on a day-to-day basis. The end of Roe v. Wade is coming. How will you prepare? Handbook for a Post-Roe America is a comprehensive and user-friendly manual for understanding and preparing for the looming changes to reproductive rights law, and getting the healthcare you need—by any means necessary. Activist and writer Robin Marty guides readers through various worst-case scenarios of a post-Roe America, and offers ways to fight back, including: how to acquire financial support, how to use existing networks and create new ones, and how to, when required, work outside existing legal systems. She details how to plan for your own emergencies, how to start organizing now, what to know about self-managed abortion care with pills and/or herbs, and how to avoid surveillance. The only guidebook of its kind, Handbook for a Post-Roe America includes an extensive, detailed resource guide for all pregnant people (whether cis, trans, or non-binary) of clinics, action groups, abortion funds, and practical support groups in each state, so wherever you live, you can get involved. With a newly right-wing Supreme Court and a Republican Senate, Roe is under threat. Robin Marty observes: "When we say abortion will be illegal in half the states in the nation, we are no longer talking about some hypothetical future—we are talking about just years down the road. We have to act now to secure what access remains, shore up the networks supporting those who need care, and decide what risks we are willing to take to ensure that any person

who wants a termination can still end that pregnancy—with or without the government's permission." This book is a replica of the original Handbook for the Recently Deceased as seen in the 1988 film *Beetlejuice*. The cover and the first few pages of this book have been painstakingly recreated using a genuine prop which was used for filming as a reference. This book is designed for you to use as a journal. This book consists of 150 lined pages on a cream background with title headers and on each page. Perfect for any Tim Burton or 80's movie fan. Lydia Deetz, Tim Burton décor, Beetlejuice, Beetlejuice merchandise Oscar-nominated actress Rosie Perez's never-before-told story of surviving a harrowing childhood and of how she found success—both in and out of the Hollywood limelight. Rosie Perez first caught our attention with her fierce dance in the title sequence of *Do the Right Thing* and has since defined herself as a funny and talented actress who broke boundaries for Latinas in the film industry. What most people would be surprised to learn is that the woman with the big, effervescent personality has a secret straight out of a Dickens novel. At the age of three, Rosie's life was turned upside down when her mentally ill mother tore her away from the only family she knew and placed her in a Catholic children's home in New York's Westchester County. Thus began her crazily discombobulated childhood of being shuttled between "the Home," where she and other kids suffered all manners of cruelty from nuns, and various relatives' apartments in Brooklyn. Many in her circumstances would have been defined by these harrowing experiences, but with the intense determination that became her trademark, Rosie overcame the odds and made an incredible life for herself. She brings her journey vividly to life on each page of this memoir—from the vibrant streets of Brooklyn to her turbulent years in the Catholic home, and finally to film and TV sets and the LA and New York City hip-hop scenes of the 1980s and '90s. More than a page-turning read, *Handbook for an Unpredictable Life* is a story of survival. By turns heartbreaking and funny, it is ultimately the inspirational story of a woman who has found a hard-won place of strength and peace. Sometimes seeing is more difficult for the student of art than believing. Taylor, in a book that has sold more than 300,000 copies since its original publication in 1957, has helped two generations of art students "learn to look." This handy guide to the visual arts is designed to provide a comprehensive view of art, moving from the analytic study of specific works to a consideration of broad principles and technical matters. Forty-four carefully selected illustrations afford an excellent sampling of the wide range of experience awaiting the explorer. The second edition of *Learning to Look* includes a new chapter on twentieth-century art. Taylor's thoughtful discussion of pure forms and our responses to them gives the reader a few useful starting points for looking at art that does not reproduce nature and for understanding the distance between contemporary figurative art and reality. *The Director's Craft* is a unique and completely indispensable step-by-step guide to directing for the stage. Written by one of the most adventurous and respected directors working today, this book will be an essential item in every student and practitioner's kitbag. It provides detailed assistance with each aspect of the varied challenges facing all theatre directors, and does so with startling clarity. It will inspire everyone, from the beginner just starting out to the experienced practitioner looking to reinvigorate their practice. Katie Mitchell shares and explains the key practical tools she uses to approach her work with both actors, production teams, and the text itself. She addresses topics such as: the ideas that underpin a play's text preparing improvisations Twelve Golden Rules for working with actors managing the transition from rehearsal room to theatre analyzing your work after a run has ended. Each chapter concludes with a summary of its critical points, making this an ideal reference work for both directors and actors at any stage of their development. Every two years Cato Handbook for Congress sets the standard in the nation's capital for how to return the federal government to the size and scope envisioned by the Founding Fathers. *The Early Years Handbook for Students and Practitioners* is a comprehensive and accessible course text for all students studying at levels 4 and 5, including on Foundation Degrees and Early Childhood Studies degrees. Designed and written by the Chair of the SEFDEY (Sector-Endorsed Foundation Degree in Early Years) Network and a team of expert contributors, this book covers the essential skills, knowledge and understanding you need to become an inspiring and effective early years practitioner. Divided into four parts: The Student-Practitioner-Professional; The Learning and Development of Children 0-5; The

Child, Family and Society; and The Senior Practitioner-Professional, the book covers all aspects of working with young children and engages you with theory that is explicitly linked to your practice. Throughout there is a strong emphasis on supporting your transition to undergraduate study, developing your academic skills and encouraging you to be an active learner. In every chapter, the book seeks to help you develop your professional identity and features: Activities to help you to reflect on your own practice 'Provocations' to promote discussion and debate Case study examples and photographs to illustrate key points 'From Research to Practice' boxes outlining key research in the field and implications for practice. The book is supported by a companion website featuring, for students, links to useful websites and video material, and an interactive flashcard glossary. Online support for lecturers includes ideas for tasks and activities to use in class and the diagrams and images in the book available to download. Modern medical technology has changed not only the way we live but also the way we die. Until two generations ago, people usually died suddenly, after an accident or serious illness. Now, most of us will live with chronic conditions, and our dying will usually take longer, require more care, and demand more planning than ever before. Handbook for Mortals is warmly addressed to all those who wish to approach the final years of life with greater awareness of what to expect and greater confidence about how to make the end of their lives a time of growth, comfort, and meaningful reflection. Written by Dr. Joanne Lynn and a team of experts, this book provides equal measures of practical information and wise counsel. Readers will learn what decisions they will need to face, what choices are available to them, where to look for help, how to ease pain and other symptoms, what to expect with specific diseases, how the health-care system operates, and how the entire experience affects dying persons, their families, and their friends. Such practical information is indispensable. But equally important are the personal stories included here of how people have come to terms with serious illness and dying, how they have faced their fears and made their choices. These give us moving firsthand insights into a profoundly important process, one that is often kept hidden in our culture. From down-to-earth advice on how to talk to your doctor to inspiring quotes from such writers as Emily Dickinson, W. H. Auden, Jane Kenyon, and others, Handbook for Mortals addresses the needs of both the body and the spirit in our final years. The darkly funny memoir of Sarah Ramey's years-long battle with a mysterious illness that doctors thought was all in her head—but wasn't. In her harrowing, darkly funny, and unforgettable memoir, Sarah Ramey recounts the decade-long saga of how a seemingly minor illness in her senior year of college turned into a prolonged and elusive condition that destroyed her health but that doctors couldn't diagnose or treat. Worse, as they failed to cure her, they hinted that her devastating symptoms were psychological. The Lady's Handbook for Her Mysterious Illness is a memoir with a mission: to help the millions of (mostly) women who suffer from unnamed or misunderstood conditions—autoimmune illnesses, fibromyalgia and chronic fatigue syndrome, chronic Lyme disease, chronic pain, and many more. Ramey's pursuit of a diagnosis and cure for her own mysterious illness becomes a page-turning medical mystery that reveals a new understanding of today's chronic illnesses as ecological in nature, driven by modern changes to the basic foundations of health, from the quality of our sleep, diet, and social connections to the state of our microbiomes. Her book will open eyes, change lives, and, ultimately, change medicine. The Lady's Handbook for Her Mysterious Illness is a revelation and an inspiration for millions of women whose legitimate health complaints are ignored. Celebrate your love of Beetlejuice with this deluxe journal based on the hit movie, just in time for the thirtieth anniversary in 2018. The 1988 Tim Burton movie Beetlejuice is an endearing classic. Now fans can enjoy this deluxe journal, which is an authentic replica of the Handbook for the Recently Deceased used by the characters in the film. With sturdy construction and sewn binding, this journal lies flat, and the 192 ruled, acid-free pages of high-quality heavy stock paper take both pen and pencil nicely to invite a flow of inspiration. Includes a ribbon placeholder, elastic closure, and 7.5 x 4.5-inch back pocket perfect for holding photographs and mementos. BEETLEJUICE and all related characters and elements are trademarks of and © Warner Bros. Entertainment Inc. (s18) In the groundbreaking tradition of his award-winning *Monster and Bad Boy: A Memoir*, Walter Dean Myers fashions a highly readable, powerful novel about the rules for

success for young men, especially those navigating coming of age while Black. Share this book in the classroom, in a father-son reading group, or as a summer reading (or anytime) choice that's likely to spark conversation and be a favorite. "When the proprietor of a Harlem barbershop takes over as the court-appointed mentor for two troubled teenagers, he conveys the message that the future is built not only on hard work but on sustaining dreams as well." (Smithsonian magazine). In his introduction to Handbook for Boys, Walter Dean Myers wrote: "I know as a troubled teenager I would have loved to have a neighborhood barbershop to sit in and a group of worldly and knowledgeable men to counsel me. Thinking about this was my motivation in writing this book, hoping it will be, in the least, a jumping-off point for many interesting conversations about success." Carlson, an expert on stress reduction, issues a reminder that without a conscious connection to love, life is beset with fear. Handbook For The Recently Deceased Journal You can fill it with your thoughts, but no matter what you write, it'll probably read like stereo instructions. Features: 6 x 9 Inches 120 Pages Matte Finish Cover It's a perfect gift for anyone. Grab your copy. This book is a replica of the original Handbook for the Recently Deceased as seen in the 1988 film Beetlejuice. The cover and the first few pages of this book have been painstakingly recreated using a genuine prop which was used for filming as a reference. There were several identical Handbook props made for the film, all of which were created using a psychology textbook as a template. Since no actual content exists for the body of the rest of these pages, the remainder of this book has been cleared for you to use as a journal or sketchbook should you wish. This book consists of 200 lined pages on a cream background with title headers and numbers on each page. Perfect for any Tim Burton or 80's movie fan. Many people have experienced such unusual phenomena as dreams that later seem to correspond with unforeseeable events, thinking of a long-lost friend just before he or she unexpectedly calls, or the ability to "feel" the presence of deceased loved ones. What many do not realize is that these types of experiences have been researched for more than a century by eminent scientists, including Nobel laureates. Most of these researchers have concluded that some of these phenomena do occur, although we are far from explaining them to everyone's satisfaction. This book is the first in almost 40 years to provide a comprehensive scientific overview of research in the field of parapsychology, explaining what we know and don't know about so-called psi phenomena, such as "telepathy," "precognition" or "psychokinesis." Contributors evaluate the evidence for these phenomena, accounting for factors such as selective memory, wish fulfillment and incorrect methods or analyses, in some cases offering psychological, physical and biological theories. Instructors considering this book for use in a course may request an examination copy here. A completely new edition--with a new introduction by Amanda Palmer--of Robin Marty's best-selling manual on what to do if/when Roe v. Wade is overturned. The New Handbook for a Post-Roe America is a comprehensive and user-friendly manual for understanding and preparing for the looming changes to reproductive rights law, and getting the health care you need. Activist and writer Robin Marty guides readers through various worst-case scenarios of a post-Roe America, and offers ways to fight back, including: how to acquire financial support, how to use existing networks and create new ones, and how to, when required, work outside existing legal systems. She details how to plan for your own emergencies, how to start organizing now, what to know about self-managed abortion care with pills and/or herbs, and how to avoid surveillance. The only guidebook of its kind, The New Handbook for a Post-Roe America includes new chapters that cover the needs and tools available for pregnant people across the country. This second edition features extensively updated information on abortion legality and access in the United States, and approximately one hundred pages of new content, covering such topics as independent alternatives to Planned Parenthood, "auntie networks," taxpayer-funded abortions, and using social media wisely in the age of surveillance. Celebrate your love of Beetlejuice with this deluxe note card set based on the hit movie, just in time for the thirtieth anniversary! The 1988 Tim Burton movie Beetlejuice is an endearing classic. Now fans can enjoy this unique note card set and keepsake box modeled after the Handbook for the Recently Deceased used by the characters in the film. Including a pocket journal, twenty note cards, envelopes, and sticker seals, this is the ultimate gift for fans to share their love of Beetlejuice with friends near and far. BEETLEJUICE and all related

characters and elements are trademarks of and © Warner Bros. Entertainment Inc. (s18) "The Sheep Book offers a template for both the beginner and the old hand. Mixing theoretical, technical and practical, Parker offers a buffet of tips for any sheep producer." --Joel Salatin, author of You Can Farm Praise for the Second Edition of The Handbook for Student Leadership Development "This is a must-have book for leadership educators and all student affairs professionals who want to develop impactful leadership programs and the leadership capacity of students. Buy it. Read it. Use it to develop the needed leadership for our collective future." — CYNTHIA CHERREY, vice president for campus life, Princeton University, and president, the International Leadership Association "As we continue to encourage leadership behavior in young people, it is very easy to get lost in a forest of new theories, programs, and definitions. This handbook serves as the compass to guide us, and it grounds the field of student leadership development in principles and best practices. Our challenge is to put this work into action." —PAUL PYRZ, president, LeaderShape " Comprehensive in design and scope, the second edition of The Handbook is a theory and practice resource manual for every leadership educator—inside and outside of the classroom." —LAURA OSTEEN, director, the Center for Leadership and Civic Education, Florida State University " Every college administrator responsible for coordinating student leadership programming should have this book. The Handbook for Student Leadership Development takes the guesswork out of leadership program design, content, and delivery." —AINSLEY CARRY, vice president for student affairs, Auburn University " I recommend without hesitation the Handbook for Student Leadership Development to student affairs professionals who desire to enhance the leadership experiences for all their students as well as teachers who are seeking ways to bolster their students' classroom experiences." — Dr. WILLIAM SMEDICK, director, Leadership Programs and Assessment, Office of the Dean of Student Life, and lecturer, Center for Leadership Education, Johns Hopkins University Keep your head held high even on the bad days with 70 mindful self-care strategies to find happiness. In a time when social media encourages us to constantly highlight how great we're doing and how #Blessed life is, there seems to be little room for the inevitable truth: in every life, there are days that are NOT great. Yet decades in the self-help world have taught Eveline Helmink—editor-in-chief of Happinez magazine and a self-titled cheerleader for failure and discomfort—that true emotional growth comes from realizing that it's often on our worst days when we learn the most about what empowers, strengthens, and revitalizes us—and yes, brings us happiness. In The Handbook for Bad Days, Helmink teaches you how to take advantage of bad days as moments for self-discovery and emotional understanding. Her compassionate, no-bullshit approach encourages you to detox from the social media world and rethink your coping strategies, exploring topics such as, -The benefits of a good cry -Why, sometimes, it's okay to give up -Why a fuzzy pink cardigan and some Celine Dion is just as good as a Sanskrit mantra The Handbook for Bad Days is the ultimate guide for anyone who strives to be present, not perfect. Perfect for fans of Glennon Doyle, Elizabeth Lesser, and Krista Tippett, The Handbook for Bad Days is a call to face our worst days with courage and intentionality. This is an exact replica of the original Living and the Dead magazine as seen at the end of th 1988 movie Beetlejuice. Unlike the one used for filming this has been perfectly bound, the cover and the first several pages of this book have been carefully recreated using a genuine prop which was used for filming as a reference. Since no actual content exists for the body of the rest of these pages, the remainder of this book has been cleared for you to use as a journal or sketchbook should you wish. To recreate this the book, it consists of just 34 pages on a white background with footers and numbers on each page. Perfect for any Tim Burton or 80's movie fan. This handbook provides a resource for those already familiar with some kinds of micro-particles who wish to learn more about others, or for those just starting out in the study of microremains who wish to have a broad understanding about microscopic archaeology. Topics covered in this handbook include diatom microfossils, starch granules, pollen grains, phytoliths, natural fibers, volcanic glass, minerals, insect remains, and feathers. Archaeological investigations increasingly rely on specialist identification of microscopic remnants found in sites. These micro-particles can provide information about the site environment and human activities that may not be apparent from artifacts and materials preserved on the macro-scale, and have given us new, and often

high-profile, information about our past. The investigation of this "invisible archaeology" - that is, invisible to the naked eye - is still somewhat new, and generally each kind of micro-particle is studied individually. Researchers become experts in a narrow range of micro-particle types, but may be less familiar with, or even completely unaware of, the multitude of other forms that are frequently encountered in archaeological samples. This handbook's accessible approach is suitable for those at the beginner level. Business Model Generation is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need Business Model Generation. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model--or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!" The messages contained in this handbook are intended to lift mankind from the entrapment of the victim consciousness that keeps the level of experience ensnared in fear and frustration. Humanity was intended to live, not in luxury, but in abundance. The information found between these covers will lead all that read and reread with an open mind to the discovery of the truth of who and what they truly are. The end of the search for these answers is provided at last in clarity and conciseness. Author helps scholars focus on new, simplified forms of citation, quotation, and reference acknowledgement, help writers concentrate on what they are saying. Gives direction on variety of usage and style questions, word choice, introductions and abstracts, capitalization, paragraphing, and pedantry. It ain't easy being a kid these days. For the first time in generations, today's teens have worse prospects ahead of them than their parents did, and the pressure to toe the line and be a success is heavier than ever . . . and so is the temptation to just give up. But there are things in the world worth fighting for! This scrapbook-style collection of essays, excerpts, explanations, and images pushes back against a culture that relentlessly demands that kids give up their best ideals, abandon their hopes, forget their ethical objections to dominant life, soothe their rage, and accept their fates. From dealing with the cops to dealing with your peers, from school and community to drugs and sex, from race and class to money and mental health, Stay Solid! provides essential support for radically inclined teens who believe that it's possible for all of us to hang on to our values and build a life we believe in. Compiled and edited by radical urbanist and educator Matt Hern, with the assistance of the youth community at Vancouver's Purple Thistle Center, Stay Solid! is for kids everywhere, and for anyone who considers themselves an ally—parents, teachers, neighbors, friends, relatives, and beyond. Contributors include Noam Chomsky, Patricia Hill Collins, The Guerilla Girls, Derrick Jensen, Grace Llewellyn, Margaret Killjoy, Dan Savage, Astra Taylor, and more. The second edition of A Handbook for the Study of Mental Health provides a comprehensive review of the sociology of mental health. Chapters by leading scholars and researchers present an overview of historical, social and institutional frameworks. Part I examines social factors that shape psychiatric diagnosis and the measurement of mental health and illness, theories that explain the definition and treatment of mental disorders and cultural variability. Part II investigates effects of social context, considering class, gender, race and age, and the critical role played by stress, marriage, work and social support. Part III focuses on the organization, delivery and evaluation of mental health services, including the criminalization of mental illness, the challenges posed by HIV, and the importance of stigma. This is a key research

reference source that will be useful to both undergraduates and graduate students studying mental health and illness from any number of disciplines. Co-published with AIEA International higher education has evolved, in some respects dramatically, in the decade since publication of the first edition of this handbook. The new issues, trends, practices and priorities of research that evolved over this time have in some instances been transformed by one of the most dynamic and tumultuous periods in the history of international higher education, brought on by the pandemic, a re-emergence of nationalism, and the recognition of the power imbalances between the developed economies and the global south, and racial inequities within and across borders. This new edition addresses the myriad changes across all aspects of international education, each chapter addressing to the extent possible the reality of the present in which they were written and offering some insights for the future. While updating a number of chapters from the first edition, it also includes a preponderance of new chapters written by contributors representing wider and more diverse backgrounds. In keeping with the first edition, the overall message is that the internationalization of higher education has a vital role to play in a world that is more interconnected than ever before. Recognizing changing economic, geopolitical, climatic, and public health issues, as well as the importance of international and cross-cultural collaboration to address global problems, this handbook offers a comprehensive range of models, data and ideas to stimulate new directions in the conception and practice of international education. This edition reflects today's concerns around inclusion, diversity and equity, and how international education is being changed by issues such as decolonization, the focus on learning outcomes, the impact of digital tools to enhance access and learning and collaboration such a virtual exchange, competition for resources, risk, new patterns of mobility, and new models such as joint programs and qualifications. As with the first edition, the chapters often intentionally pair scholars and practitioners from different parts of the world, and include text boxes that highlight concrete institutional, national, or regional experiences, providing diverse voices and perspectives from around the world. This comprehensive new edition provides ideas, concepts, theories and practical ideas from around the world for those seeking to enhance the quality of the three core functions of higher education: teaching, research and service to society. It constitutes an essential resource for everyone involved in the delivery of international education and in determining its future direction. Summary of Contents

Maintaining a similar structure of the first edition, this revised Handbook is comprised of four sections. The first section includes five chapters that address national, regional and international frameworks and contexts. The second addresses key aspects of internationalization at the strategy level, covering leadership, institutional strategies, outcomes assessment, resources and financing, risk management, and institutional linkages and partnerships. The third describes core functions of internationalization, addressing intercultural competence development, the internationalization of the curriculum, teaching and learning, virtual exchange, international perspectives on the work of student affairs professionals, student engagement, engaging staff and faculty, the internationalization of research and finally, and a chapter on serving communities.

What is love? Why is it central to our happiness and personal growth? How can we find, nurture, express it, and keep it alive? In original essays written for this book, Andrew Weil, Deepak Chopra, Leo Buscaglia, and 31 other spiritual teachers offer inspiration and advice for everyone who wants to explore the enduring power and spiritual significance of love. This is a blank paperback journal in the style of the Handbook for the Recently Deceased from Tim Burton's "Beetle Juice" (1988). You can fill it with your absurd thoughts, but no matter what you write, it'll probably read like stereo instructions. "Zade Holder has always been a free-spirited young woman, from a long dynasty of tarot-card readers, fortunetellers, and practitioners of magick. Growing up in a small town and never quite fitting in, Zade is determined to forge her own path. She leaves her home in Tennessee to break free from her overprotective mother Dela, the local resident spellcaster and fortuneteller. Zade travels to Las Vegas and uses supernatural powers to become part of a premiere magic show led by the infamous magician Charles Spellman. Zade fits right in with his troupe of artists and misfits. After all, when everyone is slightly eccentric, appearing 'normal' is much less important. Behind the scenes of this multimillion-dollar production, Zade finds herself caught in a love triangle with Mac, the show's good-

looking but rough-around-the-edges technical director and Jackson, the tall, dark, handsome and charming bandleader. Zade's secrets and the struggle to choose between Mac or Jackson creates reckless tension during the grand finale of the show. Using Chaos magick, which is known for being unpredictable, she tests her abilities as a spellcaster farther than she's ever tried and finds herself at death's door. Her fate is left in the hands of a mortal who does not believe in a world of real magick, a fortuneteller who knew one day Zade would put herself in danger and a dagger with mystical powers"--Amazon.com It is written for any actor who has ever experienced the frustrations of acting classes that lacked clarity and objectivity, and that failed to provide a dependable set of tools -- Back cover. There's nothing Jake likes more than some good trash-picking, so when his elderly neighbors move out and leave an especially promising-looking pile of household refuse on the curb, he goes right for it. He only has the chance to grab one box before his mom catches him and orders him in for dinner, though. When mysterious goings-on begin to occur in the neighborhood, the trio investigates the hidden box from Jack's garage. In it, they find the Secret Parent's Handbook and with it all the means to subvert the irrational rules and petty tyranny of their home lives. No more clean rooms! No more vegetables! No more brushed hair or washed hands! It's all videogames and junk food all the time! But the authorities -- and the resistance -- have taken notice of the strange goings-on in Jack and his friends' neighborhood. And they are closing in . . . This is a lined paperback notebook journal in the style of the Handbook for the Recently Deceased from Tim Burton's "Beetle Juice" (1988), with quotes from the movie throughout. You can fill it with your absurd thoughts, but no matter what you write, it'll probably read like stereo instructions. Book features: -The above iconic introduction is included inside the journal. Makes for a great gift idea! - Lined Notebook for jotting down thoughts, and taking notes. -120 pages - 6 x 9 - Matte finish cover PLEASE NOTE this is a thin version (120 pages) for ease of carrying around This is a lined paperback notebook journal in the style of the Handbook for the Recently Deceased from Tim Burton's "Beetle Juice" (1988), with quotes from the movie throughout.
