Reprint of the original, first published in 1865. The Waldensian Manuscripts preserved in the Library of Trinity college, Dublin. With an appendix, containing a correspondence, reprinted from the British Magazine, on the poems of the poor of Lyons, the antiquity and genuineness of the waldensian literature, and the supposed loss of the Morland Mss. at Cambridge, with Mr. Bradshaw's paper on his recent discovery of them. This volume brings to English-language readers, for the first time, the most recent European scholarship, based on primary research, in the medieval movements of religious dissent known as "Waldensian". It charts the movement across Europe from the 12th - 16th centuries. Réimpression de l'original de 1881.
