The Italian Inquisition, or Holy Office, was established in 1542, stimulated partly by the earlier Spanish operation. Certainly Spain's "black legend" affected opinions of the Inquisition in Italy, but as this pioneering book shows, there were significant differences between their operations, targets, and casualties. In this pioneering history of the Italian Inquisition, Christopher F. Black charts how it developed and changed over time. He maps its cumbersome means of command, supervision, and action, as well as its role as a surprisingly approachable regulatory body working within communities. Ranging right across the Italian panorama, and rooting his enquiry in striking individual cases, Black uncovers Inquisitional procedure from denunciation to punishment. This scrupulous and richly rewarding book shows how the Inquisition shaped Italy's religious and social worlds. In the days of pre-Civil War slavery--the unforgettable novel of a shocking portion of our American heritage. The time was not all magnolia blossoms and crinolines. It was more than romance and splendor. It was debauchery and slavery, gambling tables and dens of iniquity. It was murder and forgiveness. It was all the great contradiction of life in a golden era... This concise and balanced survey of heresy and inquisition in the Middle Ages examines the dynamic interplay between competing medieval notions of Christian observance, tracing the escalating confrontations between piety, reform, dissent, and Church authority between 1100 and 1500. Jennifer Kolpacoff Deane explores the diverse regional and cultural settings in which key disputes over scripture, sacraments, and spiritual hierarchies erupted, events increasingly shaped by new ecclesiastical ideas and inquisitorial procedures. Incorporating recent research and debates in the field, her analysis brings to life a compelling issue that profoundly influenced the medieval world. A convent in Spain. Nuns going about their routine in the name of God. But all is not quite as it seems. There are cracks on the surface. Some nuns seem to harbor secret lusts for each other. Then there's an accident in the

The book everyone's talking about, by award-winning writer Mark Russell (Snagglepuss, The Flintstones) and artist Richard Pace (Pitt, New Warriors)! A modern superhero epic from the minds of Tom Peyer (THE WRONG EARTH) and Alan Robinson (PLANET OF THE NERDS). Penultiman, The Next-To-Last-Stage In Human Evolution, is the greatest, best-looking, and most admired super-hero in the world--so how can he stop hating himself? Only his android understudy, Antepenultiman, may hold the answer. "We've seen characters who represent the ultimate stage of human potential, but I don't think we've met any who are just a little worse than the best," says writer Tom Peyer. "Imagine the anxiety of being so advanced--only to be outclassed. That's PENULTIMAN." "A fun take on the Captain Marvel-style wholesome superhero, with notes of the mournful loss of family and home we often see in Superman. Except, instead of an 8-year-old boy or an alien sent far from home to avoid a cataclysmic disaster, Penultiman's exiled from 90,019 BCE to our time to live out his days...Peyer and Robinson blend Golden and Silver-Age sensibilities in this story while poking gentle fun at the tropes that make superheroes tick." -Multiversity Comics "A really interesting comic... definitely pick it up." --Comic News Insider A book of amazing images of Top Model Nyasia Sylvester by award winning photographer Thomas Churchwell In the eagerly awaited second volume of SECOND COMING, superhero Sunstar and his housemate, Jesus Christ, must deal with Sunstar's growing family
