Quest'opera fa parte della collana di libri TREDITION CLASSICS. La casa editrice tredition di Amburgo pubblica nell'ambito della collana TREDITION CLASSICS opere datate piu di 2000 anni. Queste opere erano in gran parte esaurite o reperibili solo come pezzi d'antiquariato. La serie di libri contribuisce a preservare la letteratura e a promuovere la cultura. Essa aiuta inoltre ad evitare che migliaia di opere cadano nel dimenticatoio. L'obiettivo della serie TREDITION CLASSICS e di ripubblicare migliaia di classici della letteratura mondiale in diverse lingue... in tutto il mondo! Nothing strikes the ear quite like a soprano singing in the sonic stratosphere. Whether thrilling, chilling, or repellent to the listener, the reaction to cascades of coloratura with climaxing high notes is strong. Coloratura-agile, rapid-fire singing-was originally essential for all singers, but its function changed greatly when it became the specialty of particular sopranos over the course of the nineteenth century. The central argument of Vocal Virtuosity challenges the historical commonplace that coloratura became an anachronism in nineteenth-century opera. Instead, the book demonstrates that melismas at mid-century were made modern. Coloratura became an increasingly marked musical gesture during the century with a correspondingly more specific dramaturgical function. In exploring this transformation, the book reveals the instigators of this change in vocal practice and examines the historical traces of Parisian singers who were the period's greatest exponents of vertiginous vocality as archetypes of the modern coloratura soprano. The book constructs the historical trajectory of coloratura as it became gendered the provenance of the female singer, while also considering what melismas can signify in operatic performance. As a whole, it argues that vocal virtuosity was a source of power for women, generating space for female authorship and creativity. In so doing, the book reclaims a place in history for the coloratura soprano. (Vocal Score). Italian only, with an introductory plot synopsis in English. Gaetano Donizetti: A Research and Information Guide offers an annotated reference guide to the life and works of this important Italian opera composer. The book opens with a complete chronology of Donizetti's life (1797-1848) and career, relating it to contemporary events. The balance of the book details secondary resources and other works, including general sources, catalogs, correspondence, biographical sources, critical works; production/review sources, singers and theaters, and the individual operas. The story of six years in the life of a Polish Jewish boy, who along with his mother and sister, survived World War II through cunning and guile. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our

most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. A comprehensive guide to Donizetti's *THE ELIXIR OF LOVE* (*L'Elisir d'Amore*), featuring Principal Characters in the opera, Brief Story Synopsis, Story Narrative with Music Highlight Examples, and an insightful and in depth Commentary and Analysis by Burton D. Fisher, noted opera author and lecturer. *Vocal Technique: A Physiologic Approach*, Second Edition builds upon the premise firmly established in its first edition -- a singer who understands how his or her body functions when speaking and singing will necessarily be a better singer and teacher of singing. As such, it is the ideal text for voice classes and lessons at the university level as well as for voice lessons in the independent studio. Because it is so comprehensive, including anatomy, posture, breath management, physiology of tone production, achieving resonance, the International Phonetic Alphabet (IPA), classification of voices, health care for singers, a logical method for learning repertoire, stage deportment, and technology in the voice studio, it is also an excellent book for teaching vocal pedagogy. This text provides the essential information regarding anatomic and physiologic functions connected with the speaking and singing process so that singers will learn to develop their technique fully and thus maintain optimal technical skill and vocal health throughout a long singing and/or teaching career. The technical aspects of singing are discussed in detail, giving the singer the tools to apply this technique to a wide variety of repertoire and languages. The author provides a thorough introduction to the IPA and its application to the English, Italian, French, German, and Castilian Spanish languages. New to this edition: A new chapter on Science and Technology in the Voice Studio, including links to sites providing equipment and software for the voice studio. Updated illustrations detailing anatomy and physiologic function. Every chapter has been updated to improve comprehensibility, especially the chapter covering the use of the IPA. Significantly updated information on health and nutrition to reflect recent research in the field. A list of recommended sources where singers and teachers can download free and/or inexpensive music for use in the voice class or studio. Winner of the 2007 Otto Kinkeldey Award from the American Musicological Society and the 2007 Deems Taylor Award from the American Society of Composers, Authors, and Publishers. Divas and Scholars is a dazzling and beguiling account of how opera comes to the stage, filled with Philip Gossett's personal experiences of triumphant—and even failed—performances and suffused with his towering and tonic passion for music. Writing as a fan, a musician, and a scholar, Gossett, the world's leading authority on the performance of Italian opera, brings colorfully to life the problems, and occasionally the scandals, that attend the production of some of our most favorite operas. Gossett begins by tracing the social history of nineteenth-century Italian theaters in order to explain the nature of the musical scores from which performers have long worked. He then illuminates the often hidden but crucial negotiations opera scholars and opera conductors and performers: What does it mean to talk about performing from a critical edition? How does one determine what music to perform when multiple versions of an opera exist? What are the implications of omitting passages from an opera in a performance? In addition to vexing questions such as these, Gossett also tackles issues of ornamentation and transposition in vocal style, the matters of translation and adaptation, and even aspects of stage direction and set design. Throughout this extensive and passionate work, Gossett enlivens his history with reports from his own experiences with major opera companies at venues ranging from the Metropolitan and Santa Fe operas to the Rossini Opera Festival at Pesaro. The result is a book that will enthrall both aficionados of Italian opera and newcomers seeking a reliable introduction to it—in all its incomparable grandeur and timeless allure. This volume brings together a collection of Donizetti's songs, some of which were published in several editions during his lifetime and in the years just following, while others have never been in print. Professor Paton has once again produced a collection that will be a valuable tool both for students of singing, and for professionals looking for fresh recital material. (Vocal Score). Italian/English. Translated by Martin. Expertly arranged vocal or opera score from our Kalmus Edition. "Lois Alba is a master teacher, ...I have never seen a vocal

instructor who got such remarkable results in such a short time." - Irene Dalis, General Director, Opera San Jose Achieving a successful singing career, especially in opera, can seem almost impossible to many singers because of fear of high notes, lack of projection, and confusion on how to express the music unhampered by technical preoccupation. Master Teacher and accomplished opera singer Lois Alba is aware of these pitfalls. She knows the best teaching involves an acute sense of the art form based on sound, intuition and imagery. The focus comes from the mind. It is interpreted through the ear and the body. When the body and mind come together harmoniously the result is beautiful sound. In this clear and legible guide, Lois Alba shares her formidable experience, voice training insight, and philosophical wisdom about the creative nature of singing. She works to de-program the singer as to the many myths about singing ù recurring themes that flood vocal studios and ultimately damage voices. Vocal Rescue is an amalgamation of many precepts from a large library of rare treatises and the concepts outlined come from the fine art of vocal mastery known as bel canto. The text provides a seven step system that demystifies the secrets to beautiful singing, and promises to take all singers to a new level of technical proficiency and expression. Recorded illustrations on CD/DVD demonstrate the vocal principles with lessons and vocalises for singers in all voice ranges to follow. The author's website can be found at www.loisalba.com (Vocal Score). Italian Only. Title: L'elisir d'amore Composer: Gaetano Donizetti Original Publisher: Ricordi The complete vocal score to Donizetti's L'elisir d'amore with Italian and English text as originally published by Ricordi. Performer's Reprints are produced in conjunction with the International Music Score Library Project. These are out of print or historical editions, which we clean, straighten, touch up, and digitally reprint. Due to the age of original documents, you may find occasional blemishes, damage, or skewing of print. While we do extensive cleaning and editing to improve the image quality, some items are not able to be repaired. A portion of each book sold is donated to small performing arts organizations to create jobs for performers and to encourage audience growth. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1988. Sketches of opera composers, opera synopses, and CD reviews.
